

Introducing Moxi B-RS

Moxi B-RS hearing aids are designed to match your forward-thinking attitude with cutting-edge technology built in. Far from traditional, this modern form factor offers variety for the design focused, providing you with a real style alternative.

HEARING AIDS THAT ADJUST AS FAST AS YOUR PLANS

You never know what lies around the corner, so Moxi B-RS hearing aids are designed for hassle-free listening. As you move throughout your day, the hearing aids automatically adjust to your listening environment, enhancing the sounds you want to hear while minimizing background noise.

DESIGN RUNS IN OUR DNA

It's easy to see why Moxi B-RS joins our portfolio of award-winning designs. It's a true style alternative to traditional hearing aids featuring a slender, sleek new look that's not afraid of attention. On the outside, you'll find it looks as great as it sounds no matter where life takes you.

Roger Select™

Roger On™

Need more help in challenging listening situations like meetings or conversations in noise or over distance? Let's discuss if a Roger™ device could be a good fit for you.

PERSONALIZATION AT
THE TOUCH OF A BUTTON

Make your hearing journey your own with easy personalization. The Remote Plus app allows you to boost speech or listening comfort in the moment, as well as select and customize pre-set programs designed for your life. And your hearing care provider can make adjustments remotely, so you can have an excellent listening experience without visiting their office.

EXPERIENCE
IS EVERYTHING

With your Moxi B-RS hearing aids, we'll be with you for every part of your hearing journey—even after you've received our product. Our innovations allow you to personalize and improve your listening experience, satisfaction, and peace of mind wherever life takes you.

*The Remote Plus app works on Apple smartphones with iOS 12 or newer and Android smartphones with version 8 or newer. Apple and the Apple logo are trademarks of Apple Inc., registered in the U.S. and other countries. App Store is a service mark of Apple Inc. Google Play and the Google Play logo are trademarks of Google Inc.

MAKE A CONNECTION

Being able to interact with our digital world is more than just convenient, it's vital. Moxi B-RS hearing aids seamlessly connect via Bluetooth®, so you can stream audio, calls, or digital assistants directly into your hearing aids, controlling your media with just a tap.

*Smartphones and traditional mobile phones with compatible Bluetooth® Hands-Free Profile.

Explore the technology levels

Moxi B-RS hearing aids come with different technology levels. We'll work together to choose the one that best matches your listening lifestyle and needs.

Level 9 ★★★★★	Level 7 ★★★★	Level 5 ★★★	Level 3 ★★		WHAT'S INCLUDED	WHAT YOU'RE MISSING
7 environments	6 environments	4 environments	2 environments	Level 9 ★★★★★	Premium performance in 7 environments and our most sophisticated features that let you focus on speech and know where it's coming from in crowds and background noise. Plus enjoy cues about where sounds come from in quiet as well as delightful music automatically.	Nothing. You've got everything you need.
Noise	Conversation in noise	Quiet	Conversation in a crowd	Level 7 ★★★★	Advanced performance in 6 environments with a great feature that will help you focus on speech coming from the front and sides in challenging situations, improved awareness of where sounds come from plus an automatic music program.	Our most sophisticated feature that helps you understand where speech is coming from in noisy situations while reducing interfering background noise.
Conversation in noise	Music	Conversation in a small group	Conversation in quiet	Level 5 ★★★	Standard performance in 4 environments that includes a feature to help you to know where sounds are coming from in quiet environments.	The ability for the hearing aids to focus on speech coming from different directions in noisy situations and to automatically engage a music program.
Music	Quiet	Conversation in a crowd		Level 3 ★★	The basics in 2 environments. Limited ability to adjust automatically to accommodate multiple, complex listening environments.	Everything else.
Quiet	Conversation in a small group	Conversation in quiet				
Conversation in a small group	Conversation in a crowd
